

ERRATUM

Correction to the article entitled "Comparison of Mass Spectrometric Techniques for Generating Molecular Weight Information on a Class of Ethoxylated Oligomers" by David M. Parees et al. *J. Am. Soc. Mass Spectrom.*, **1998**, 9, 282–291.

Due to a printer error, in the April issue of the *Journal of the American Society for Mass Spectrometry*, an incorrect version of Figure 3e was published. The correct version of this figure is published below.

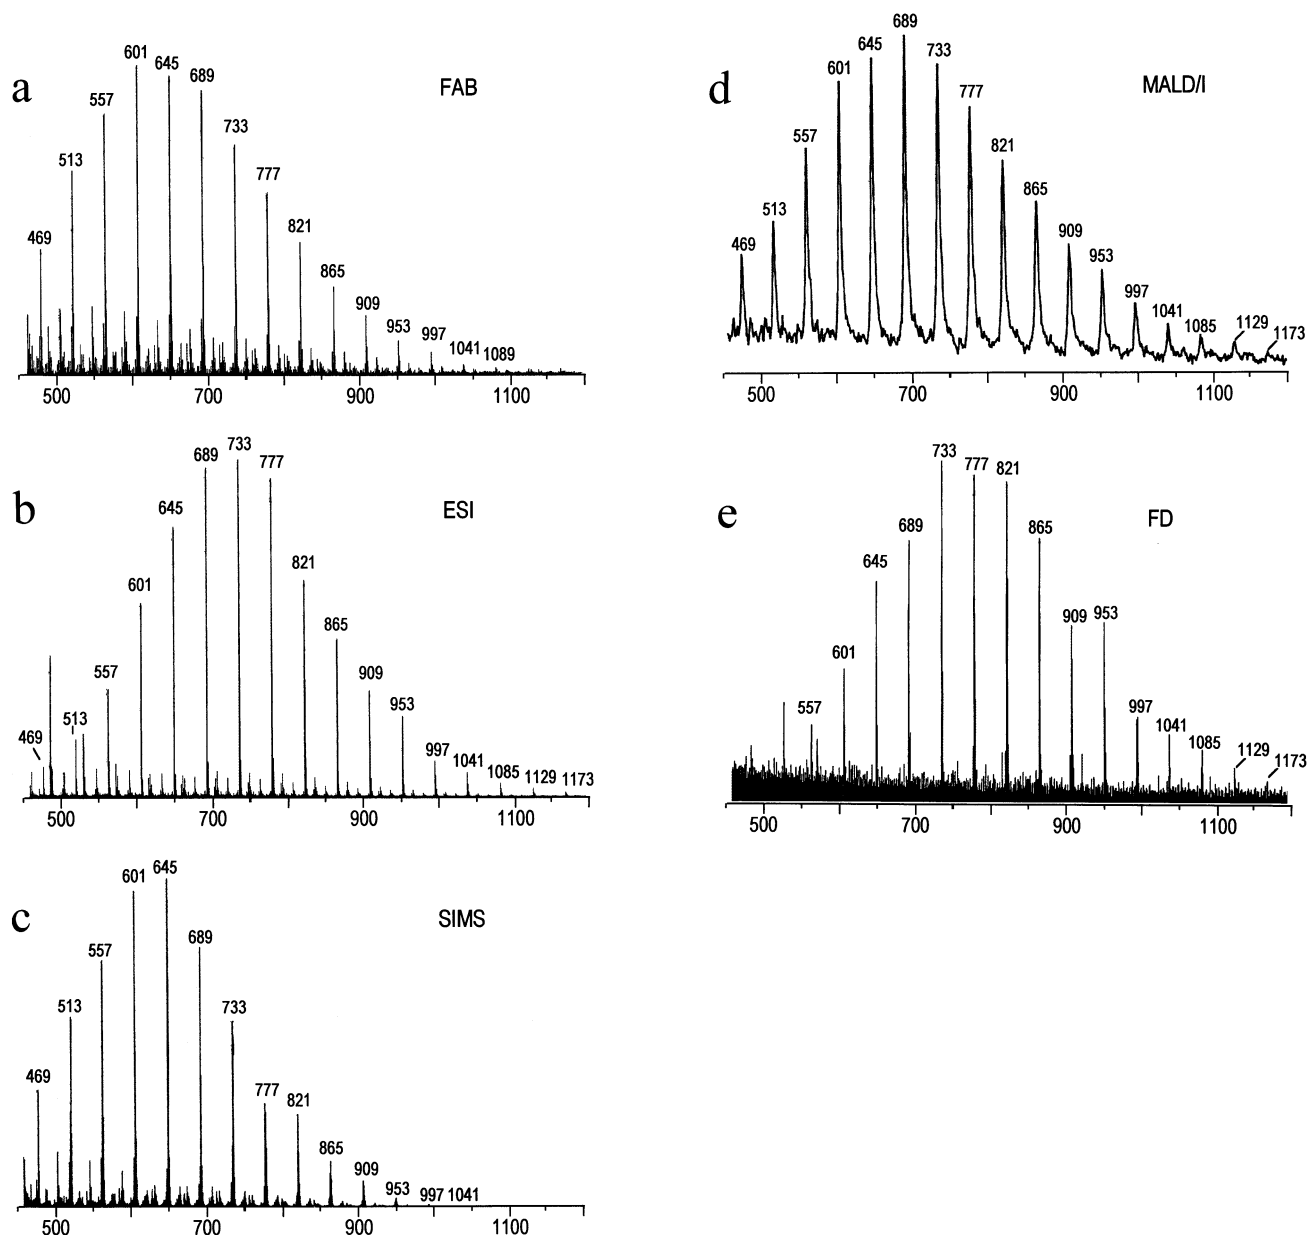

Figure 3. Mass spectra of Surfynol 465: (a) FAB, (b) ESI, (c) SIMS, (d) MALD/I, (e) FD. The ion peak at 513 Da corresponds to the 6-mer.
